Spring Renewal

Spring is the perfect time to refresh and renew your beauty routine. At Suh Esthetics, we're here to help you achieve youthful, radiant skin with expert anti-aging advice and cutting-edge treatments tailored to your needs.

Spring Skincare Refresh: Reveal Your Radiance!

- **Exfoliate & Hydrate:** Winter can leave your skin dry and dull. Shed the season's buildup with gentle exfoliation and deep hydration to reveal fresh, dewy skin. I personally love our Concierge Choice Microdermabrasion Scrub that can be added to any of your own facial or body cleansers and our Concierge Choice Hyaluronic Acid Serum for an added boost of moisture.
- **Boost Collagen Naturally:** Consider microneedling or laser treatments to improve skin texture, reduce fine lines, and even out pigmentation. Spring is the perfect time to schedule your skin care treatments before summer sun exposure!
- **Sunscreen is Your Spring Essential:** As the days get longer, don't forget to protect your skin with a high-quality, zinc-based SPF to prevent premature aging and sun damage. We proudly carry **Colorescience** sunscreens, which offer superior protection while nourishing your skin.

The Power of Preventative Treatments

Spring is a great time to start—or maintain—your Botox and filler routine. Softening fine lines and adding subtle volume keeps your look refreshed and natural. Prevention is key for long-term anti-aging success!

Get Ready for Something Exclusive!

We're thrilled to announce an upcoming **VIP-only event in May**, featuring exclusive beauty treatments, expert insights, and special perks for our loyal clients. Stay tuned for more details—this is an event you won't want to miss!

Plan Ahead: Limited Availability in June

I will be out of the office from **June 13-27**. If you're due for your next Botox, Jeuveau, or other treatments, I highly recommend scheduling well in advance, as my availability will be limited leading up to my time off!
