Exciting Updates!

We hope you're soaking up the last rays of summer sunshine! August is a month of transition—a time to embrace new beginnings, prepare for the busy season ahead, and celebrate the beauty of self-care. We're so grateful to be part of your journey and excited to share some wonderful updates and opportunities with you.

Our New Software System

Suh Esthetics is upgrading to a brand-new charting and scheduling system to better serve you. Please be patient as we make the switch—you may temporarily receive notifications from both our old and new systems. Don't forget to check your email for appointment forms before your visits. Best of all—you can now request Suh Esthetics appointments and reach out with any questions in your online portal for added convenience.

Suh Esthetics in Print

We're proud to share that Suh Esthetics has been featured in *Greet! West Bellevue* magazine! It's an honor to be highlighted in our community, and we couldn't have done it without your continued support. *Greet* magazine is a local magazine featuring residents and businesses in our community.

Save the Date: Anniversary Event in September

Mark your calendars! We'll be celebrating Suh Esthetics' 20th anniversary on **October 9th** with a special event full of appreciation, perks, and beauty. Stay tuned for your personal invitation and more details about the event—we can't wait to celebrate with you!

\$100 Referral Credit & Allergan Gift Card Special

Don't forget—when you refer a friend, you receive a **\$100 credit** as a thank you from Suh Eshtetics. Plus, on **August 20th only**, Allergan is offering a *Buy \$75 gift card, Get \$75 gift card* deal (while supplies last). A perfect opportunity to treat yourself—or share beauty with a friend!

New Products & Procedures

We're thrilled to introduce the **Epicutis skincare line**, a luxurious, science-backed collection designed to reduce inflammation, nourish and protect your skin. Plus, we've added **Celluma Red Light Therapy** to our menu—an FDA-cleared treatment that helps with anti-aging, acne, inflammation, and healing.

Fall is Coming: Schedule Early!

With fall just around the corner, our busy season is approaching fast. Secure your spot now for your favorite treatments—especially **laser services**, which are best scheduled before the sunniest days are behind us. Don't forget: vitamin boosts are also available to help strengthen your immune system for the cooler months ahead.

With gratitude and excitement,

Lacee Meyer, NP & The Suh Esthetics Team
